T874A UTP 90° Keystone Jack Termination Tool

Rev. Date : 15.09.2022 Rev. Nr. :000 Page Nr. : 1/1

OVERVIEW

Zemecs T874A is a novelty product providing a comfortable and error free termination of Zemecs T481 (Category 6_{A}), T471 (Category 6) and T411 (Category 5e) series UTP 90° keystone jacks. It combines the advantage of punching 8 pins simultaneously by applying equal pressure and cutting excess wires at one go! Therefore contact stability is guaranteed and termination time is reduced up to 80%.

FEATURES

- · Single tool for punching and cutting excess wires
- Easy termination of 22 26 AWG solid wires
- PVC handle designed to fit hand properly
- Alloy steel termination head and carbon steel body

MATERIAL SPECIFICATIONS

Housing Material Carbon Steel **Termination Blade Material** Alloy Steel Nylon Fiber Keystone Jack Housing Material Polypropylene /S45C Steel Handle **Compatible Keystone Jack Models** All Models of Zemecs T471, T481 and T411 Series UTP 90° Jacks Colour Housing: Black, Handle: Blue

APPLICATIONS

Termination of Zemecs T471, T481 and

T411 series UTP 90° keystone jacks

MECHANICAL SPECIFICATIONS

Durability(Termination Cycles)	2.000	Cycles, Max.
Contact Compatibility	22-26 AWG	Solid

ENVIRONMENTAL SPECIFICATIONS

Transportation & Storage Temperature	-15 / +50	℃
Instalaltion And Operation Temperature	-10 / +50	°C
Relative Humidity	10 - 90, Non-condensing	%

PART NUMBER CODING

Part Nr. Product Description

Termination Tool For Zemecs T471, T481 and T411 Series UTP 90° Keystone Jacks T874A

Only compatible with listed Zemecs keystone jack models. May not be used with other brand products.
